15. Remarks

This application is being filed along with two (2) other applications to change the manner and place of use of a portion of the surface rights appurtenant to the Rolling "A" Ranch in Lyon County. Total combined duty of all three (3) applications shall not exceed 303.90 acre-feet annually. This reflects the reduction in the duty from 4.5 acre-feet per acre to 2.5 acre-feet per acre as a result in the change of the manner of use. Portions of the eight (8) applications to change the underground rights of the Rolling "A" Ranch will be supplemental to these rights.

Upon final resolution of the development agreement by Lyon County (Dayton Utilities), the rights will be transferred into joint ownership in anticipation of future development of the property.

For existing points of diversion and places of use, please refer to maps on file under the Final Decree of the Carson River.
